Positions

- 2024.1-present **University of Warwick, Coventry, UK.**
○ Assistant Professor, Centre for Interdisciplinary Methodologies
- 2023.4-2023.12 **Northwestern University, Evanston, IL, US.**
○ Associate Director, Northwestern Institute on Complex Systems
- 2018.4-2023.12 **Northwestern University, Evanston, IL, US.**
○ Post-doctoral Research Fellow, Northwestern Institute on Complex Systems
○ Post-doctoral Research Fellow, Kellogg School of Management
○ *Advisor: Prof. Brian Uzzi*
- 2015.1-2016.8 **Pennsylvania State University, University Park, PA, US.**
○ Visiting Scholar, College of Information Sciences and Technology
○ *Advisor: Prof. Dashun Wang*

Education

- 2017.12 **Ph.D. Physics**, Northeastern University, Boston, MA, US.
○ dissertation title: Statistical Physics of Complex Substitutive Systems
○ advisor: Albert-László Barabási, Network Science Institute, Northeastern University, Boston, MA, US
○ co-advisor: Dashun Wang, Kellogg School of Management, Northwestern University, Evanston, IL, US
○ committee members: Albert-László Barabási, Dashun Wang, Alessandro Vespignani, Alain Karma
- 2015.08 **Master of Science, Physics**, Northeastern University, Boston, MA, US.
- 2010.6 **Bachelor of Science, Department of Physics, Nankai University**, Tianjin, China.

Funding

- 2025.2 -2027.2 **UKRI Metascience research grants.**
○ Title: Quantifying Scientific Recognitions - Structure, Evolution, and Impact
○ Role: Principal Investigator
○ Fund: £300,000
- 2024-2026 **BA/Leverhulme Small Research Grants SRG 2024 (SRG).**
○ Title: Identifying Early Signals of Diabetes with Online Social Footprints: A Network Science Approach
○ Role: Co-investigator
○ Fund: £9,885.63
- 2024.3.4-2024.7.31 **Faculty of Social Sciences Research Development Fund (RDF).**

- Title: Investigating and Visualizing Gender Inequality in Scientific Recognitions within Social Science
- Role: Principal Investigator
- Fund: £3,122.5

Working Papers

- Binglu Wang (co-first author), **Ching Jin (co-first author)**, et al., *Quantifying the Dynamics of Innovation Abandonment Across Scientific, Technological, Commercial, and Pharmacological Domains*. (Submitted to Nature Physics)
- Chaolin Tian, Yurui Huang, **Ching Jin**, Yifang Ma, Brian Uzzi, *Quantifying the Innovativeness of Science Prizewinners and their Embeddedness in Collaboration Networks* (In submission)
- **Ching Jin**, Yifang Ma, Brian Uzzi, *Prizing the Prized, Blocking the Breakthroughs*. (Working paper)
- **Ching Jin (co-first author)**, Diego F.M. Oliveira (co-first author), Kathleen Hagerty and Brian Uzzi, *Gender Representation in Positions of Distinguished Intellectual Leadership in Academic Economics* (Working paper)
- **Ching Jin (co-first author)**, Zhen Zhu (co-first author), *Identifying Early Signals of Diabetes with Online Social Footprints*. (Working paper)

Selected Academic Presentations/Posters

- *Scientific Prizes and EDI in Science*, Centre for Interdisciplinary Methodologies, University of Warwick, Oct. 9, 2024

- *Scientific Prizes, Scientific Growth, and Nobel Predictions*, Invited Podcast Presenter at American Chemical Society, Chemical & Engineering News, Sept. 26, 2024
- *Quantifying Social Diffusions and Growth Dynamics in Social Systems - Method, Data, and Model*, invited talk at School of Management, Tianjin University, Aug. 2, 2024
- *'Innovation Diffusion and the Wisdom of Crowds'*, Questrom school of Business, Boston University, MA, Mar. 2023;
- *'Diffusion Process and Growth Dynamics in Complex Systems'*, Physics Department, University of Aberdeen, Scotland, Mar. 2023;
- *'Social Diffusions and Growth Dynamics in Science, Technology and Innovation'*, Department of Information & Decision Sciences, University of Illinois at Chicago, IL, Feb. 2023;
- *'Complex Social Systems and Data Science'*, Invited talk at University of Illinois at Chicago, IL, Nov. 2022;
- *'Diversity Equity and Inclusion (DEI) in Economics Research'*, 7th Annual Conference on Network Science and Economics, Booth School of Business, University of Chicago, IL, Mar. 2022;
- *'Quantifying Growth Dynamics in Science and Innovation'*, Invited talk at Chengdu University of Technology, Sichuan, China, Nov. 2021;
- *'Quantifying Growth Dynamics in Science and Innovation'*, Invited talk at Northwestern Polytechnical University, Xi'an, China, Oct. 2021;
- *'Scientific Prizes and the Extraordinary Growth of Scientific Topics'*, Minerva Research Retreat, Wautoma, WI, August. 2021;

Teaching Experiences

- 2024-present **IM931: Introduction to Contemporary AI: Techniques and Critiques**, Centre for Interdisciplinary Methodologies, University of Warwick.
- 2024-present **IM939: Data Science Across Disciplines: Principles, Practice, and Critique**, Centre for Interdisciplinary Methodologies, University of Warwick.
- 2024-present **IM950: Scaling Data and Societies**, Centre for Interdisciplinary Methodologies, University of Warwick.
- 2024-present **IM954: Generative AI: Histories, Techniques, Cultures, and Impacts**, Centre for Interdisciplinary Methodologies, University of Warwick.

Leadership and other social activities

- **Co-Chair**, International Symposium on Science of Science, Washington, DC, March 2016;
- **Co-Chair**, Quantifying Science, Conference on Complex Systems, Tempe, AZ, Oct. 2015;
- **Instructor**, *'Emergence of orders and the development of western and eastern music'*, online talk, Swarm Complexity Organization, Sep. 2022;
- **Instructor**, *'Introduction of Chinese Zen'*, Boston Classic Seminar, Harvard University, Boston, MA, Mar. 2013;
- **Invited Speaker**, *'Anti-materialism in Arts – cases in painting, music and poetry'*, Boston Classic Seminar, Harvard University, Boston, MA, Dec. 2014;
- **Invited Co-Speaker**, *'Performance Styles in Peking Opera and Western Music – a multicultural perspective'*, New York Chinese Opera Society, New York, NY, Mar. 2012;

Computer Skills

- **Skills**: Python, MATLAB, Gephi, Cytoscape, NetworkX, Stata, Mathematica, Fortune, L^AT_EX, Adobe, HTML, C++
